Architectural Metal Range

Section 14

Switches 230-240V a.c.

Pack	Cat No.	MS standard plate flat series switches
		Plate size: 70 x 114mm. Mounting centres: 84mm
1	MS770/1SP	1 gang switch
1	MS770/2SP	2 gang switch
1	MS770/3SP	3 gang switch
1	MS770/4SP	4 gang switch
1	MS770/5SP	5 gang switch

Pack	Cat No.	MS large plate flat series switches
		Plate size: 88 x 138mm. Mounting centres: 84mm.
1	MS770/1LP	1 gang switch
1	MS770/2LP	2 gang switch
1	MS770/3LP	3 gang switch
1	MS770/4LP	4 gang switch
1	MS770/5LP	5 gang switch
1	MS770/6LP	6 gang switch

Pack	Cat No.	Architrave switches
		Projection 8.5mm
1	MA770/1	1 gang architrave switch [A770/1] with metal cover plate. 73 x 34mm with 57mm mounting centres
1	MA770/2	2 gang architrave switch [A770/2] with metal cover plate. 84 x 34mm with 70mm mounting centres

Pack	Cat No.	Switch units without cut-outs (no mechs)
		Supplied as plate, grids and wall box, but without mechanisms. Available in flat plate style only. mechanisms must be ordered separately. Suits all 770, 769 & 707 series mechanisms. Standard colours for grids & mechanisms - White (WE) & Black (BL). Normally supplied in vertical brushed stainless steel. Can be engraved to special order. L-series plates are punched to accept engravable inserts Cat. No. 801. Plates can be ordered separately by adding PL suffix to Cat. No. Surcharge applicable to any plates other than brushed stainless steel - please check when ordering.
1	ES3-2	6 gang unit, 3 Cat. No. no MG672 grids, ES wall box & plate.
1	ES3-3	9 gang unit, 3 Cat. No. no MG673 grids, ES wall box & plate.
1	ES4-2	8 gang unit, 4 Cat. No. no MG672 grids, ES wall box & plate.
1	ES4-3	12 gang unit, 4 Cat. No. no MG673 grids, ES wall box & plate.
1	ES6-2	12 gang unit, 6 Cat. No. no MG672 grids, ES wall box & plate.
1	ES6-3	18 gang unit, 6 Cat. No. no MG673 grids, ES wall box & plate.
1	ES9-2	18 gang unit, 9 Cat. No. no MG672 grids, ES wall box & plate.
1	ES12-2	24 gang unit, 12 Cat. No. no MG672 grids, ES wall box & plate.
1	ES15-2	30 gang unit, 15 Cat. No. no MG672 grids, ES wall box & plate.
1	ES18-2	36 gang unit, 18 Cat. No. no MG672 grids, ES wall box & plate.
1	ES21-2	42 gang unit, 21 Cat. No. no MG672 grids, ES wall box & plate.
1	ES24-2	48 gang unit, 24 Cat. No. no MG672 grids, ES wall box & plate.

Powerpoints 230-240V av

Pack	Cat No.	Description
1	MS788SP	10A vertical powerpoint
1	MS788/15SP	15A vertical powerpoint

Pack	Cat No.	Description
1	MS788LP	10A vertical powerpoint
1	MS788RLP	10A vertical powerpoint with round earth
1	MS788/15PLP	15A vertical powerpoint, double pole

Pack	Cat No.	Description
1	MS791LP	10A large plate single powerpoint
1	MS791/15LP	15A large plate single powerpoint
1	MS738/20	20A large plate single powerpoint

Pack	Cat No.	Description
10	M788M	Vertical mechanism for 10A powerpoint
10	M788NSM	Vertical mechanism for 10A powerpoint with neon and safety shutter
1	M788RM	Vertical mechanism for 10A powerpoint with round earth
1	M788PM	Vertical mechanism for 10A powerpoint, double pole
10	M788PNSM	Vertical mechanism for 10A powerpoint, double pole, neon and safety shutters
1	M788PNHM	Vertical mechanism for 10A 2 pole powerpoint with supply available. Neon & safety shutter for hospital use

Pack	Cat No.	Description
1	MS777LP	10A double powerpoint
1	MS777NSLP	10A double powerpoint with neons & safety shutters
1	MS777XLP	10A double powerpoint with extra switch

Pack	Cat No.	Multi series powerpoints (no mechs)
		Plate size: 114mm square. Mounting centres: 84mm. Available in MS flat series plate only. Supplied as plate and wall box, but without mechanisms. Standard colours for mechanisms - white (WE) & black (BL). Supplied as Cat. No. MS788PL plates and Cat. No. 920 to 960 wall boxes but without Cat. no. M788M mechanisms. All items may be ordered separately. No earthing of plate required. Plates can be engraved to special order.
1	MS788/2	Metal plate for 2 powerpoints: 920 wall box & plate. Suits 2 x Cat. No. No M788M mechs.
1	MS788NS2	Metal plate for 2 powerpoints with neons: 920 wall box & plate. Suits 2 x Cat. No. No M788NSM mechs.
1	MS788NS3	Metal plate for 3 powerpoints with neons: 930 wall box & plate. Suits 3 x Cat. No. No M788NSM mechs.
1	MS788/4	Metal plate for 4 powerpoints: 940 wall box & plate. Suits 4x Cat. No. No M788M mechs.
1	MS788/6	Metal plate for 6 powerpoints: 960 wall box & plate. Suits 6x Cat. No. No M788M mechs.
10	M78815M	Vertical mechanism for 15A powerpoint
		M777 powerpoint mechanisms, 240V a.c.
1	M777M	Mechanism for double powerpoint

Pack	Cat No.	Shaver supply outlets with single powerpoint
		Plate size: 184 x 85mm. Mounting centres: 84mm
1	MS798	Metal plate shaver outlet & single powerpoint
1	MS798V	Vertical metal plate shaver outlet & single powerpoint

Pack	Cat No.	Shaver supply outlets with single powerpoint and safety switch
		Plate size: Horizontal model 225 x 90mm, vertical models 100 x 270mm. Mounting centres: Horizontal models 200mm, vertical models 245mm.
1	MS798EL30	Metal plate shaver outlet & single powerpoint, 30mA Safety Switch
1	MS798VEL30	Vertical metal plate shaver outlet & single powerpoint, 30mA Safety Switch
		Shaver supply outlets with single powerpoint, safety switch, and extra switch Plate size: 270 x 100mm. Mounting centres: 245mm. Extra switch is Cat. No. 770M
1	MS798VEL10X	Vertical shaver outlet & single powerpoint with 10mA Safety Switch & extra switch
1	MS798VEL30X	Vertical shaver outlet & single powerpoint with 30mA Safety Switch & extra switch

Dimmers and fan controllers 230-240V a.c.

Pack	Cat No.	MS standard plate flat series dimmers, leading edge, EMC compliant
		Plate size: 70 x 114mm. Mounting centres: 84mm
1	MS300E	300VA light dimmer, leading edge

Pack	Cat No.	Description
1	MS400ESDLP	MS flat series superdimmer, EMC compliant Plate size: 70 x 114mm. Mounting centres: 84mm 400VA light dimmer, leading edge. Operated by infra red remote control or metallic touch plate.
1	MS300F	MS flat series fan controllers, EMC compliant Plate size: 70x114. Mounting centres: 84mm Fan controller, rated 300VA. EMC compliant

Architectural Metal Range outlets

Pack	Cat No.	Description
1	MS770/1CX	MS flat series TV outlets, 240V a.c. Plate size: Suffix part no. with LP (138 x 88mm) or SP (114 x 70mm) to indicate plate sizes. Mounting centres: 84mm 75 ohm coax in standard flat plate

Grids and plates

Pack	Cat No.	Description
1	MG670	Grids, clips and inserts for multi & Esco ranges 1 gang switch grid. 46 x 25mm with 38mm mounting centres. Suits 770, 796, 768 & 707 series mechanisms. Suitable for panel mounting.
1	MG671	1 gang switch grid to suit Multi & Esco series. 114 x 70mm with 84mm mounting centres.
1	MG672	2 gang switch grid to suit Multi & Esco series. 114 x 70mm with 84mm mounting centres.
1	MG673	3 gang switch grid to suit Multi & Esco series. 114 x 70mm with 84mm mounting centres.

Pack	Cat No.	Description
1	M787/1	M787 series powerpoint mechanisms, 240V a.c. Mechanisms used in MM & MS series are identical. Standard colours available: White (WE) & Black (BL). Horizontal mechanism for 10A powerpoint
10	M787M	Horizontal powerpoint for 10A powerpoints

Pack	Cat No.	Description
1	MG670	Mounting grid Available in White (WE), Cream (CR), Brown (BR) & Black (BL). 1 gang switch grid. 46 x 25mm with 38mm mounting centres. Suits 770, 769, 768 & 707 series mechanisms. Suitable for panel mounting

Pack	Cat No.	Description
1	MM770/1G0	Grids MM grid is supplied and must be modified to suit MS series (skirt must be broken away). Standard colours - white, brown & black. Grid only for 1 gang metal range switch
1	MM770/2G0	Grid only for 2 gang metal range switch
1	MM770/3G0	Grid only for 3 gang metal range switch
1	MM770/4G0	Grid only for 4 gang metal range switch
1	MM770/5G0	Grid only for 5 gang metal range switch

Pack	Cat No.	MS standard plate flat series metal switch plates
		Plate size: 70 x 114mm. Mounting centres: 84mm.
1	MS770/0PL	Blank plate only
1	MS770/1PL	Plate only for 1 gang switch
1	MS770/2PL	Plate only for 2 gang switch
1	MS770/3PL	Plate only for 3 gang switch
1	MS770/4PL	Plate only for 4 gang switch
1	MS770/5PL	Plate only for 5 gang switch

Pack	Cat No.	Metal architrave switch plates
		Plate size: 70 x 114mm. Mounting centres: 84mm
1	MA770/1PL	Metal cover plate only for 1 gang architrave switch
1	MA770/2PL	Metal cover plate only for 2 gang architrave switch

Mounting accessories

Pack	Cat No.	Mounting accessories
1	717	Flush mounting assembly for MS switches for mounting on gyprock or wallboard. For large plates. Must be ordered complete with switch - suffix Cat. No. no with /717.
1	717/1	Gyprock mounting bracket, large
1	719	Flush mounting assembly for MS switches for mounting on gyprock or wallboard. Must be ordered complete with switch - suffix Cat. No. no with /717.
1	719/1	Gyprock mounting bracket, small
20	718/8	8mm deep plaster guage. For use with Cat. No. 429 wallbox & Cat. No. 953 adaptor plate. For setting 8mm depth of wallbox for MS series.
20	718/13	Plaster guage, reusable. For use with Cat. No. 429 wallbox & Cat. No. 953 adaptor plate. For setting 13mm depth of wallbox for MS series powerpoints.

Pack	Cat No.	Multi & Esco range clips & inserts
10	74703	Panel thickness 0.76mm (0.03 inch) (BL, WE)
10	74704	Panel thickness 1.00mm (0.04 inch) (BL, WE)
10	74705	Panel thickness 1.3mm (0.05 inch) (BL, WE)
10	74706	Panel thickness 1.5mm (0.06 inch) (BL, WE)
1	801/1	Engravable insert to identify the function of individual switches Suits all Multi series & Esco plates with 2 gang (not 3 gang) switch grids. Supplied either blank or engraved to your requirements - please specify. Plate must be punched to accept. Suffix Cat. No. no 801/1.
